MEMORANDUM

TO: Honorable School Board Members

FROM: Kendra Goodman, CPPO, CPPB, Purchasing Agent *Kedg*

RE: Second-Year Renewal of a Three-Year Contract
Request Permission to Piggyback School District of Hillsborough County
RFP #9181-DST, Internet Access and Telecom Services

The District School Board of Pasco County currently uses a 300MB AT&T connection for Internet services. The above-referenced RFP from Hillsborough County Schools provides a 1GB connection at a lower cost from TW Telecom (see attached memo from Chris Jackson, Supervisor of Network Services). The District currently is utilizing Hillsborough County School Board's RFP #9181-DST: Internet Access and Telecom Services which is set to expire on June 30, 2012. We are requesting to continue to utilize Hillsborough County School Board's RFP #9181-DST: Internet Access and Telecom Services which has been renewed for the second year and covers the contract period from July 1, 2012 through June 30, 2013.

Piggybacking this contract will give the District a significant increase in bandwidth at a lower cost. We currently pay \$112,000 per year for AT&T service; the TW Telecom contract will cost \$90,000 for the period July 1, 2012 – June 30, 2013, a savings of \$22,000 per year. The Information Services Department will file for E-rate reimbursement for this expenditure, which will be paid monthly using utility funding.

TW Telecom has agreed in writing (attached) to provide this service using the same terms, conditions and pricing in the Hillsborough School RFP #9181-DST. The District is permitted to piggyback this contract under Florida Administrative Rule 6A-1.012(6). All information regarding the Hillsborough contract is on file in the Purchasing Department.

We are requesting permission to piggyback the Hillsborough County School RFP #9181-DST contract for the second year term of July 1, 2012 through June 30, 2013, and Board signature on the attached Internet Service Order form. Please contact Chris Jackson or me at your earliest convenience if you have any questions or concerns.

Subject: Internet Access Connection

The District School Board of Pasco County currently uses a 1GB connection from TW Telecom for internet connectivity. Information Services is recommending that the District School Board of Pasco County continue to piggyback the Hillsborough Schools TW Telecom RFP. The contract period is from July 1, 2012 to June 30, 2013. The cost to the District is \$90,000, for which Information Services will file for E-rate reimbursement. Funding will be provided using the existing utility budget procedure. There is no adverse risk to the District for this contract since we are not planning to terminate early and the commitment is based on an annual contract.

If you have any further questions, please call me at x42926.
