MEMORANDUM

TO: Honorable School Board Members

FROM: Kendra Goodman, CPPO, CPPB, Purchasing Agent *Kdg/SMUB*

SUBJECT: Permission to Issue Purchase Order to Apple Inc.
Licensing for Macintosh OSX and OSX Server Software

Per the attached detailed memo from Mr. John Simon, Director of Information Services, and Mr. Ed Mutell, Supervisor of Information Services, we are requesting permission to issue a purchase order to Apple Inc. in the amount of \$269,512.00. This payment will allow the most current version of the Apple operating system, iLife, and iWork, to be installed on all Apple computers.

The District purchases software licenses from Apple through an agreement known as the Apple Education Licensing Program (AELP). Apple does not require a formal contract to utilize the AELP, but an annual renewal is required to maintain licensing coverage and support for the current hardware in place at our schools and the District Offices. The Information Services and Purchasing Departments negotiated with Apple for the agreement's unique volume pricing structure, which provides deeply discounted pricing to the District for all licenses.

The term of the software maintenance, funded through capital outlay, will be for the period September 14, 2011 – September 13, 2012. Apple hardware, software and licensing are copyrighted and proprietary to the company, and Apple's technology is standard for the District. Negotiation for high-technology purchases is permitted under Florida Administrative Rule 6A-1.012(14).

If you have any questions or concerns, please feel free to contact Ed Mutell or me at your earliest convenience.

Subject: District Licensing Payment for Macintosh OSX and OSX Server Software

The District School Board of Pasco County currently maintains a volume licensing agreement with Apple, Inc. known as the Apple Education Licensing Program (AELP). Apple, Inc. does not require the District to sign a formal contract to utilize the AELP, but an annual renewal payment is required to maintain the licensing coverage and support for the current level of hardware in place at the schools and the district offices. I am asking for your assistance in obtaining the School Board's approval to renew the District's AELP for the 2011-12 school year.

The annual cost for the software maintenance for a period of one (1) year after Board approval is \$269,512.00. Payments will be made once a year. This cost allows the most current version of the operating system, iLife, and iWork to be installed on all Apple computers. It also provides, based on the recommendation of the Instructional Technology Services Department, three copies of the latest server software to each secondary school and two copies for each elementary school. The AELP also provides a copy of the latest server software for each Apple server at the district data center. The approximate cost per copy of the Apple Software Collection is \$20 and the approximate cost of each server license is \$15. The Information Services and Purchasing Departments negotiated with Apple for this unique volume pricing structure, which provides deeply discounted pricing to the District for all licenses.

Thank you very much for submitting this request for approval to the School Board. If any additional information is needed, please contact me at 42912.
