MEMORANDUM

TO: Honorable School Board Members

FROM: Kendra Goodman, CPPO, CPPB, Purchasing Agent *KG/G/SMB*

RE: District-Wide Copier Contract
Copiers, Printers, and Multi-Functional Devices
Extension of Three-month Miami-Dade Schools Bid 128-FF11 and
One-year Piggyback University of South Florida ITN# 9-13-G
Ikon Office Solutions

At this time, the Information Services Department is requesting Board approval to extend the lease amounts on the 438 copiers under the Miami-Dade Schools bid 128-FF11 from October 1, 2011 through December 31, 2011. The estimated cost for the three-month period is \$271,000. This three-month period will allow the District to subsequently piggyback a more advantageous bid through the University of South Florida.

The Information Services Department is also requesting permission to begin piggybacking the University of South Florida ITN# 9-13-G for district-wide copier services with Ikon Office Solutions effective January 1, 2012 through December 31, 2012. The proposed "piggyback" will afford the District an estimated saving of \$342,000 (12%) over the five-year lease period. In addition to the estimated 12% cost savings, the benefits of this "piggyback" will allow the District to upgrade all copiers to allow printing more efficiently by prompting end-users to send prints to the most cost effective printer and adding networked scanners to all copy machines. The estimated cost for the one-year lease for the University of Florida piggyback is \$1,200,000.

The District currently has 438 copiers leased from Ikon Office Solutions utilizing the Miami-Dade Schools contract that will expire between July 31, 2012 and December of 2014. Ikon Office Solutions has proposed to buyout the 438 multifunctional devices by March of 2012 and honor the Miami-Dade Schools contract pricing until the new fleet leased under the University of South Florida ITN# 9-13-G is phased in by March 31, 2012. The future end dates for all 438 new devices will be co-terminus.

Ikon Office Solutions has indicated in writing (attached) their willingness to extend the terms and conditions of the University of South Florida contract ITN# 9-13-G to the District along with the pricing for Miami-Dade School Bid 128-FF11 until the entire new fleet is phased in. The services/equipment covered under this contract are exempt from the competitive pricing requirements as outlined in DOE's Section 6A-1.012(6). Under DOE's Rule 6A-1.012(6), the Board may make purchases to vendors awarded by other governmental agencies.

Should you have any questions regarding this matter, please feel free to contact me at your earliest convenience.

KDG/sb

District School Board of Pasco County

From: Craig Coile, Supervisor of Information Services
John Simon, Director of Information Services

Date: September 1, 2011

Subject: Copier Contract Recommendations

The District School Board of Pasco County is currently piggybacking off of the Miami-Dade copier contract for copier equipment that is used throughout the district. While this contract has provided competitive pricing for the district, an even more cost effective contract is now available.

I am recommending that the district enter into a five-year contract with IKON Office Solutions, Inc., a wholly owned subsidiary of Ricoh Americas Corporation. This agreement will be a piggybacked contract under the terms and conditions of USF Contract USF ITN #9-13-G. Under the terms of this new agreement, the district will receive new replacement equipment for all of the units currently in operation throughout the district. In addition to receiving new equipment, the district will benefit under this proposed new contract by:

- 1) reducing costs by approximately 12%;
- 2) having all copiers available on the district's network;
- 3) including scanner capabilities on all copy machines.

I am requesting your assistance in obtaining School Board approval to continue the current contract pricing agreement, under the terms and conditions of the Miami-Dade contract, through March 31, 2012. This will allow IKON Office Solutions the time needed to transition all of the equipment from the current copier fleet to the new hardware. I am also asking that a new piggybacked contract be approved for a term of five years, beginning October 1, 2011, under the terms and conditions of USF Contract USF ITN #9-13-G.

Thank you very much for submitting this significant cost savings request for approval to the School Board. If any additional information is needed, please contact me at 42417.

Dear Kendra,

On behalf of IKON and myself I would first like to thank you for giving us the opportunity to present Pasco County Schools with an opportunity for process improvement and increased efficiencies while driving toward an estimated \$342,000 cost savings over the life of our proposed solution.

As you know the district is currently spending \$90,240 monthly for 437 MFD's running an average volume of 8,099,618 amongst said MFD's. This will continue October 1, 2011 thru December 31, 2011. IKON will continue to service the existing equipment per the original Miami-Dade Schools bid 128-FF11 contract terms and conditions. The total budget amount for this three month period is estimated to be \$271,000.00.

IKON's new proposal will adjust the districts spend to \$85,722.76 while replacing all 437 MFD's with new comparable units running the same average monthly volume. This savings will be gradual as the new equipment is installed during January, February, and March of 2012 per the IKON letter enclosed.

In addition to the proposed cost savings some of the added benefits to IKON's proposal are:

- Network Printing – This will allow the District to direct print volumes to a more cost effective MFD vs. stand alone laser printer. This will allow the district to send prints to more cost effective units vs. their standard network printer. If only 10% of the district 3,000,000 monthly network printer volume is migrated to the Ricoh MFD's this would result in approximately another \$1,600 monthly savings to the district or \$96,000 over the term.
- Network Scanning – This will eliminate the need for additional network scanning appliances and potentially reduce the amount of overall paper being stored by the District.

As state budgets continue to shrink, IKON will continue to look for ways to increase efficiencies and process improvement while providing Pasco County Schools with State of the Art technology needed to drive down costs.

As a valued business partner IKON looks forward to this opportunity.

Respectfully,

Nick Christiano

Re: School Board of Pasco County Lease of Multi-Function Devices

Dear Kendra,

This letter is to inform the School Board of Pasco County (the "School Board") that, upon installation of the Replacement Devices (as defined below), IKON Office Solutions, Inc. ("IKON") will satisfy any remaining lease payments due on the Ricoh & Canon multi-function devices that were sourced from IKON and leased through IKON or IKON Financial Services, as the case may be, which devices are identified on the attached spreadsheet (the "Existing Devices"). The School Board shall have no further payment obligations with respect to the Existing Devices following the installation of the Replacement Devices (excluding any amounts due and owing prior to such date) provided the below conditions are satisfied.

The School Board would need to issue purchase orders for replacement multi-function devices ("Replacement Devices") to:

Ricoh Americas Corporation
c/o IKON Office Solutions, Inc.
5 Dedrick Place
West Caldwell, New Jersey 07006
USF Contract: USF-1972-40 / ITN# 9-13-G

These new purchase orders are for the Replacement Devices procured via a piggyback off of the USF Contract USF-1972-40 / ITN #9-13-G which the School Board is going to use for the replacement of the Existing Devices. At such time as the School Board is prepared to issue the purchase orders, IKON will work with the School Board to properly assemble the purchase orders to ensure a smooth process.

The offer contained in this letter is expressly contingent upon IKON receiving the purchase orders for the Replacement Devices in December, 2011, with delivery of Replacement Devices and return of the Existing Devices completed during the first quarter of 2012. In addition, the installation of the Replacement Devices will be coordinated through the Director of IS or his/her designee.

At such time as the Existing Devices are removed, IKON may confirm such removal with an equipment removal form which the School Board agrees to sign to formally memorialize the removal of the Existing Devices pursuant to this letter.

Respectfully,

Sandy Fowlkes
Area Director of Financial Operations, North Florida
