MEMORANDUM

TO: Honorable School Board Members

FROM: Michael J. Woodall, CPPO, Purchasing Agent 

RE: Permission to Place Purchase Orders to SirsiDynix
Annual Software Support for Library System

On June 22, 2004, the Board approved a negotiated contract (on file in Purchasing Services) with SirsiDynix (Sirsi). The District uses software supplied by Sirsi to support its library system at 81 sites. The contract for maintenance on this system has been renewed annually by the Board since that date (latest renewal was December 18, 2012).

As Sirsi holds the copyright for this software, its maintenance is considered sole source under Florida Administrative Rule 6A-1.012(11)(b). We are requesting approval in the amount of \$75,829.68 to cover the contract year January 1 – December 31, 2014. A purchase order in the amount of \$37,914.84 for the term January 1 – June 30, 2014 will be placed upon Board approval. The remaining 50% balance of \$37,914.84 will be placed under a separate purchase order for encumbrance during the next fiscal year. Payments will be made by the Technology and Information Services Department quarterly, in arrears, using General Funds.

Should you have any questions regarding this matter, please contact me at your earliest convenience.

2013 SOLE SOURCE AFFIDAVIT

Re: Sole Source for Symphony Integrated Library System (ILS)

This letter is to confirm that Sirsi Corporation d/b/a SirsiDynix ("SirsiDynix") is the developer and/or sole source provider for all SirsiDynix software and specialized services. The SirsiDynix SYMPHONY integrated library system ("SYMPHONY") product was developed at private expense by SirsiDynix. SYMPHONY is a proprietary software product that is only available from SirsiDynix and SirsiDynix retains the exclusive trademark, copyright, trade secret and/or patent rights to the SYMPHONY software. The SYMPHONY software is provided only to those users that have signed a licensing agreement, therein agreeing to protect the confidentiality of the proprietary information and trade secrets of SirsiDynix' SYMPHONY software. SirsiDynix has sole knowledge of the development of the software and certain configuration requirements that are exclusive to the SYMPHONY software. Consequently, only SirsiDynix is able to sell and maintain the software as well as continue to make further enhancements in the SYMPHONY software.

SirsiDynix is the library automation vendor for the Library pursuant to an agreement that has been signed by both parties. As such, SirsiDynix provides maintenance and support for the complete system for the library. As software is added to the system, SirsiDynix requires that the library software and specialized services be purchased directly from SirsiDynix in order to ensure continued support and compatibility of the new software with the existing system.

Dated this 13th day of December, 2012
