MEMORANDUM

TO: Honorable School Board Members

FROM: Nicole Westmoreland, MBA, Purchasing Agent *nw*

SUBJECT: Pasco High School Wall Replacement
Associated Construction Products, Inc.

In 2012, an emergency repair was made to the retaining wall at Pasco High School by Associated Construction Products, Inc. Therefore, Construction Services is requesting that Associated Construction Products, Inc. install a new retaining wall due to their knowledge of the site, construction of the wall, and use of the same materials from the prior repair. Additionally, Maintenance Services is requesting to place a "Not to Exceed" purchase order in the amount of \$121,920 to cover all cost associated with installation of the new retaining wall. Please reference the attached memo from Mark Fox, Director for Facilities and Maintenance Services.

Should you have any questions regarding this matter, please contact Mark Fox or Debra Reaves, Purchasing Services, at your earliest convenience.

DATE: May 20, 2014

TO: HONORABLE SCHOOL BOARD MEMBERS

FROM: Kurt S. Browning, Superintendent
Ray Gadd, Assistant Superintendent for Administration and Operations

SUBJECT: **Request to Use Associated Construction Products, Inc. for Pasco High School Wall Replacement**

INTRODUCTION:

In the summer of 2012, our Maintenance Department received notification that a small section of retaining wall close to the bus loop at Pasco High School had collapsed.

A quote was obtained from local firm, Associated Construction Products Inc. of Lutz, Florida for \$11,161.00 to carry out this emergency repair to the collapsed section, to alleviate any concerns regarding student safety.

DESCRIPTION:

Attached is a proposal from ACP, Inc. for \$121,920 to replace the remaining 640 L.F. of modular block retaining wall.

ACP successfully carried out the initial emergency repair, they have knowledge of the site and of the construction of the wall and have access to the same materials to ensure that this later phase matches the earlier repair.

ACTION REQUIRED:

Staff respectfully requests approval of the attached proposal from ACP to remove, supply and install approximately 640 L.F of modular block retaining wall for \$121,920.00.

RECOMMENDATION:

Staff respectfully recommends approval of the attached proposal from ACP to remove, supply and install approximately 640 L.F of modular block retaining wall for \$121,920.00.

ASSOCIATED CONSTRUCTION PRODUCTS, INC.

Quote #: P-8414

Date: 2/25/14

Salesman: Tim Carmichael

Project Name: Pasco High wall repair

We propose the following:

To remove, supply and install approximately 60 L.F. of modular block retaining wall. \$11,161.00

or

To remove, supply and install approximately 320 L.F. of modular block retaining wall. \$60,960.00

or

To remove, supply and install approximately 640 L.F. of modular block retaining wall. \$121,920.00

Inclusions:

- One mobilization. Delays to ACP caused by others may be subject to additional charges per our attached terms.
- All materials to include block, cap, geo-grid reinforcing, filter fabric, leveling pad and drainage materials per our engineered submittal package.
- All Labor required for the installation of the retaining wall as described in this proposal.
- Placement and compaction of backfill material in the geo-grid reinforced zone.
- Signed and sealed submittal package, including calculations, shop drawings and material information.
- Excavation, including the leveling pad and the geogrid reinforced zone.
- Structural design for placing handrail/fencing directly on top of wall.
- Sales tax.

Exclusions:

- Compaction testing.
- Any sod replacement
- Surveying and or layout of the retaining wall. (installed to same layout as existing wall)
- Any clean backfill materials (see engineer's submittal for backfill requirements).
- Supply, or installation of any handrails/fencing.
- Any Bonds, fees or permits.

General Notes:

- If there is any change in the size of the project ACP reserves the right to revise it's pricing.
- ACP will require a staging area for the unloading and placement of palletized materials.
- Price includes us of tan/wheat block
- ACP is not responsible for design and protection of retention pond and slope surfaces.
