RE: Direct Negotiated Contract with Premio Computer Inc.
For Esembler Teacher Gradebook/Parent Access Software
Requesting Permission to Place Purchase Order

On May 4, 2010, official action was taken to enter into a new contract with Premio Computer, Inc. This program implements an enterprise-wide, electronic gradebook to automate attendance-taking, support classroom management, facilitate the collection of student grades, and enhance parent/school communication.

Every year since 2005 (inception of the original contract) we have received permission to place a purchase order to Premio to cover maintenance and support services for the software. Please see the attached memo from Mr. John Simon, Director of Technology and Information Services, and Denise Steuer, Supervisor of Technology and Information Services, for further information. The contract term will be September 1, 2014 – August 31, 2015, and is renewable annually at the mutual agreement of the parties. The terms and conditions of the contract were approved in March 2010 by Ms. Nancy Alfonso, Board Attorney. We are permitted to acquire these types of services under Florida Administrative Rule 6A-10.12(14).

We are requesting renewal of this contract for the next term, and permission to place purchase orders totaling \$95,648 for maintenance, support and reporting using general funds. Please contact Mr. John Simon or me if you have any questions.

Re: Annual Support Fees

This document is intended to provide a price quote to Pasco County Public Schools for eSembler Annual Support fees for the period covering September 1, 2014 and ending on August 31, 2015.

All Licensing and Annual Support fees are based on Peak Students. Based on Pasco County Public Schools license plan accommodating up to 70,000 peak students and assuming no student population growth beyond 70,000 peak students for the 2014-2015 school year.
